The objective of the Code is to ensure that:

The mechanisms to achieve this include the compliance management structures, audit function, the Compliance and Audit Committee, and the Board's oversight of strategic and business objectives.

6. CARE AND DILIGENCE

NSX and its employees should exercise due care and diligence in the performance of their duties and responsibilities. This should include such activities as ensuring the accuracy of all decision making information, attending to detail in all aspects of work, being mindful of the sensitivities of others, protecting confidentiality and being courteous, open and honest.

7. CONFLICTS OF INTEREST

Employees

Where a conflict of interest arises or may arise, an employee must disclose the conflict to his or her supervisor. The supervisor will ensure that measures are put in place to protect parties affected by the conflict of interests from that conflict. Depending upon the nature and extent of the conflict, the measures taken to protect against conflict of interest may include ensuring that the conflicted or potentially conflicted employee does not participate in the relevant decision or activity, or disclosing the conflict to third parties affected by the conflict and ensuring that the conflicted or potentially conflicted employee is not the sole decision maker on the matter.

Directors

Directors of NSX or its subsidiaries will be guided by the constitution of NSX or the subsidiary and will ensure that they abide by the provisions in the Corporations Act governing conflicts of interest. Depending upon the nature and extent of the conflict, the measures taken to protect against conflict of interest may include ensuring that the conflicted or potentially conflicted director does not participate in the relevant decision or activity, or disclosing the conflict to third parties affected by the conflict and ensuring that the conflicted or potentially conflicted director is not the sole decision maker on the matter.

Where there is doubt the matter should be raised with the Compliance Officer of NSX.

13. MONITORING AND REPORTING VIOLATIONS OF THE CODE OF ETHICS OR OTHER UNETHICAL CONDUCT

NSX's General Manager monitors compliance with this Code.

Employees are required to report violations of the Code using conflict escalation procedures. The procedures provide for a staged escalation and provide ultimately for the General Manager and the Chairman of the Compliance and Audit Committee to become involved.

The policy underlying the procedures is to ensure employees are not disadvantaged in any way for reporting violations of the Code or other unethical conduct, that the matter is dealt with promptly and fairly and that the procedures are not used maliciously or mischievously.
