

JULY 2008

NATIONAL STOCK EXCHANGE – APPOINTMENT OF MANAGING DIRECTOR

We are delighted to announce the appointment of Robert Bladier as the new Managing Director of **NSX Limited**, the company that operates the **National Stock Exchange of Australia**, the **Bendigo Stock Exchange**, the **WaterExchange** and the **BSX Taxi Market**.

Robert is a capital markets specialist, with more than 20 years experience in financial markets. He has extensive hands-on experience, including being head of derivatives for a large investment bank, leading strategy at the Australian Securities Exchange, and a management role in a registry services business. Robert also has considerable government and public policy experience.

As an investment banker, Robert managed a derivatives institutional sales desk, bringing him into contact with domestic and international fund managers on a daily basis, gaining an in depth understanding of funds management.

Robert headed strategic business development at ASX, with a focus on competition, new markets and positioning ASX as a commercial entity in a post-demutualisation environment. In this role, Robert instigated a body of research that sought to better understand the interaction of Australia's capital markets with successful industries, including an early focus on the mining industry.

He brings this experience to his new role as Managing Director of NSX, with a goal to building an exchange that delivers high quality service to its companies and works with them to build their success as part of major industry sectors.

Robert Bladier, the new Managing Director of NSX Limited
