

NSX

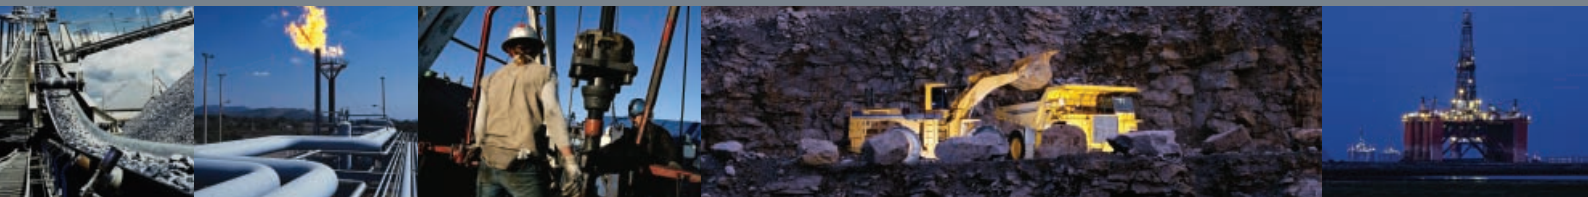

NSX operates a well regulated, transparent, orderly and highly efficient market. Because our listing rules are designed to accommodate the unique requirements of emerging companies, the securities listed on our market cover a diverse range in size, activities and geographic location.

## Success

NSX has built a network of brokers and advisors who view listing on NSX as an appropriate solution for their clients. SME's community based organisations, debt securities, property and investment schemes are all catered for.

## Results

NSX currently consists of 40 issuers comprising of 98 securities. The NSX has also increased its market capitalisation from \$1 billion (AUD) to more than \$2 billion in the last 12 months.

## WHY LIST?

### **OUTSOURCED TRADING**

Listing enables an organisation to have all trades in shares outsourced, performed by accredited brokers operating on a licensed, regulated market, thereby enforcing a higher level of corporate governance for the business.

### **MARKET VALUATION**

The market values an organisation transparently which represents an organisations true value.

### **ACCESS TO CAPITAL**

An Initial Public Offering (IPO) accesses capital, enabling you to grow your business. It also gives you the ability to raise funds from your existing shareholders now or when required in the future.

### **GREATER LIQUIDITY**

Increasing the liquidity in your company's shares allows you to broaden your shareholder base and gives existing shareholders an exit opportunity. This assists with succession planning and gives 'currency' to buy or merge with other businesses.

### **INVESTOR CONFIDENCE**

Being listed on a regulated stock exchange enhances corporate governance and disclosure requirements, providing investors with an increased level of confidence.

## WHY NSX?

### **COST EFFECTIVE**

As an alternative exchange for small to medium size businesses, NSX has designed a cost structure, which delivers value to your company.

### **REALISTIC ENTRY REQUIREMENTS**

The number of shareholders that you need, asset levels, profitability levels and market capitalisation required to list on NSX are set at levels which are realistic to achieve.

### **MARKET SPECIALISTS**

NSX has built a network of broker and advisory firms operating in our target market who are capable of managing the smallest to largest of listings.

### **STREAMLINED ADMISSION PROCESS**

NSX offers a streamlined range of services, supported by expert NSX staff, which makes listing easier and more cost effective.

### **HIGHER PROFILE**

As a listed entity, an organisation joins an elite group with increased customer awareness, daily press coverage of process and the potential for research.

### **TRADING AND SETTLEMENT**

NSX operates well established trading and settlement systems, but also alternative settlement structures providing a choice in how companies securities are handled.
