FOR IMMEDIATE RELEASE

Community Merchant Solutions, Ltd. Enters Into Exclusive Reseller Agreement for GoPago Point of Sale Software

MISSION VIEJO, CALIFORNIA, SEPTEMBER 2014 – Community Merchant Solutions, Ltd. (NSX: CEI), through its wholly-owned subsidiary, announces that in partnership with WorldPay US, Inc. that it has entered into an Exclusive Reseller Agreement with DoubleBeam, Inc. for an exclusive license to market and distribute DoubleBeam's GoPago Point of Sale software.

GoPago, Inc. is a full cloud-based commerce company with Integrated Brick and Mortar Point of Sale (POS), Mobile Point of Sale (mPOS), and Mobile Storefront (mCommerce) sales channel capabilities, along with consumer real-time payments analytics, offers and rewards, empower merchants to act on sales trend intelligence and promote their businesses anytime, anywhere, any way.

"This is an exciting opportunity for Community Merchant Solutions. The GoPago software transforms the way merchants and consumers connect and transact." said Wain Swapp, CEO of Community Merchant Solutions.

"We look forward to having Community Merchant Solutions exclusively market GoPago. Their management has a proven track record and this is a win-win for both companies." stated Ted Tekippe, President and CEO of DoubleBeam.

About Community Merchant Solutions, Ltd.

Community Merchant Solutions, Ltd., through its wholly owned subsidiary, Community Merchant Solutions, LLC, is currently registered with VISA USA, Inc. and Master Card International, Inc. as an Independent Sales Organization ("ISO") to conduct business in the United States of America and focuses primarily on the Integrated Point of Sales ("IPOS") transactions for the Small to Medium Enterprise ("SME") merchant market. As an ISO, or 'Merchant Acquirer', CMS offers a fully integrated functional, turnkey product to its merchant customers, utilizing all the elements of traditional bankcard processing while leveraging proprietary new and secured technologies. The Company offers custom application development, electronic payment processing, gift and loyalty card programs, card design

services, terminal and point of sales system installation and training, mobile and cloud based systems, payment gateways, direct mail and email marketing campaigns and full customer support. Visit http://www.communitymerchantsolutions.com and http://www.gopagocms.com for more information.

About DoubleBeam, Inc.

DoubleBeam provides mobile commerce solutions to retailers and other merchants. DoubleBeam's white-labeled mobile payments technology solutions is designed to easily integrate into any existing mobile application, digital wallet or loyalty solution. Additionally, DoubleBeam's GoPago Point of Sale System is a robust, cloud-based system providing retailers to extend their sales and loyalty activities to online, mobile and store floor. DoubleBeam's technology solutions have been deployed by mobile commerce providers, retailers and point-of-sale (POS) vendors, delivering an enhanced end-user experience, driving out costs by virtually eliminating transaction fees, and leveraging captured data, along with partners, to deliver more targeted, relevant offers and rewards/loyalty programs. DoubleBeam is located in Pasadena, California. Visit http://www.doublebeam.com/ and https://www.gopago.com/ for more information.
